

## **You can't Getz a better replacement exhaust part than a Klarius!**

**30 November 2022**

*There are now 26 new parts available from Klarius Products, including catalytic converters (CATs) for the Hyundai Getz. In order to ensure the availability of high-quality emission control components when they're needed, Klarius has already made more than 11,000 references available with next-day UK delivery.*

[Click here for the latest parts list.](#)

The most recent items from Klarius include full exhaust systems for the Volvo V70 2000-2007 2.0, 2.4 and 2.5 models, the VW Sharan 2.0 from 2010 onwards, the Honda CR-V 1.6 and 2.2 from 2012, and the Kia Ceed 1.6 GDi Hatch between 2012-2018.

New CATs added to the Klarius range offer support for the Seat Ateca 1.5 from 2016 to 2018, the VW Transporter Kombi from 2015, the Ford Fiesta and Fusion 1.4 from 2010 to 2012 and the Mini Cooper S 2.0, 2013 onwards. Complete Diesel Particulate Filters (DPFs) for the Seat Ibiza 1.0 from 2017 and Mercedes models including the C220, C250, E220 and E250 2.1 2008 onwards complete the list.

These are only the most recent releases; there have been over 250 items added to the stocklist this year alone. Each month, Klarius is introducing new products, all of which are covered by a Fit First Time guarantee and a 2-year standard warranty. Every Klarius exhaust also includes bespoke mountings as a secure exhaust fit is essential.

Thanks to dynamic stocking, demand-driven manufacturing, and Klarius' huge warehouse capacity, total availability is maintained. Customers can expect the same lead times whether they need a replacement DPF for their off-road SUV or a complete replacement exhaust for the school runner.

Parts ordered by 5:30pm are delivered to stockists and distributors in the UK next day via AutoLogistiks, Klarius' in-house logistics operation. All applicable Klarius products are type-approved by the Vehicle Certification Agency (VCA) in the UK and TÜV in Germany, in order to validate that components, match or outperform original equipment manufacturer (OEM) parts.
