

Portescap to Showcase Advanced Precision Motion Solutions at Farnborough International Airshow 2024

19 June 2024

Portescap, a global leader in miniature motor solutions, is excited to announce its participation in the Farnborough International Airshow, taking place from July 22-26, 2024. They will exhibit alongside fellow Regal Rexnord brands at Booth 4130, showcasing an array of innovative motor technologies tailored for the aerospace industry.

Visitors to Booth 4130 will have the opportunity to explore Portescap's broad portfolio of Commercial Off-The-Shelf (COTS) products, which are designed to be fully customizable, meeting a wide spectrum of application demands. Our precision motion solutions are developed through a collaborative design approach, working closely with customers to enhance the performance of critical aerospace systems such as flight control surfaces, fuel management systems, and valve actuation. Portescap is highly committed to quality, which is underscored by AS9100 certification, as well as its recent expansion in design capabilities to meet RTCA DO-160G standards.

As part of Regal Rexnord's Aerospace Solutions, Portescap is proud to showcase the collective expertise and innovative spirit of One Regal Rexnord. The Farnborough International Airshow offers a unique opportunity for aerospace professionals to discover how the advanced capabilities of Regal Rexnord Aerospace Solutions can propel their applications forward. All show attendees are invited to visit the booth to learn more about cutting-edge technologies and discuss how Regal Rexnord can help achieve their aerospace goals.
