

## **Explore Cutting-Edge Medical Motion Solutions with Portescap at MD&M Minneapolis 2024**

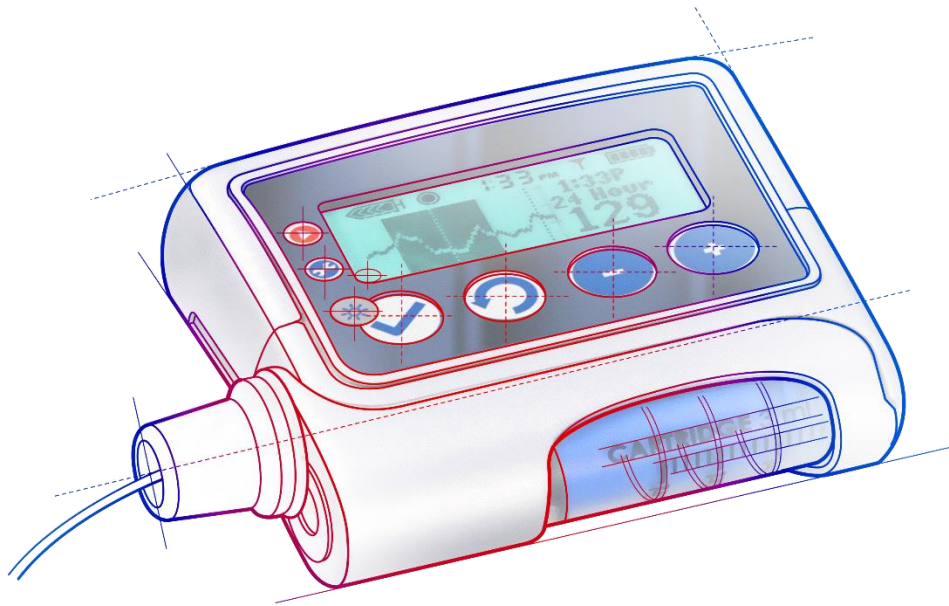

**12 September 2024**

**Portescap, a trusted provider of innovative motion solutions, is excited to announce its participation in MD&M Minneapolis 2024, taking place from October 16-17, 2024 at the Minneapolis Convention Center in Minneapolis, Minnesota. MD&M Minneapolis is a premier event for medical device professionals, offering a platform for industry leaders to showcase cutting-edge technologies and solutions within the ever-evolving Medtech field.**

During the show, Portescap will highlight its extensive experience as a motion control partner for the medical industry, as well as its expertise in customizing solutions to achieve optimal device design. Highlighted products include the Ultra ECTM brushless DC motor range, which offers unmatched performance and reliability for cardiovascular applications; frameless motor capabilities, which deliver the precision and flexibility needed for surgical robotics; and its Surgical Motion Solutions portfolio, encompassing motors, gearheads, encoders, and controllers which can be designed to endure 3,000+ autoclave cycles.

As part of Regal Rexnord, Portescap is committed to creating a better tomorrow with sustainable solutions that power, transmit, and control motion. This commitment drives their innovative solutions, always focused on meeting customer needs while upholding a strong dedication to sustainability and efficiency. Join the team at Booth 2614 to discover how their motion solutions can enhance your medical device designs.
