

## **Klarius Pushes Quality to the Max with New Focussed Parts Release**

**17 December 2024**

**Klarius Products continues to enhance its comprehensive catalogue of aftermarket emissions control components with the release of 18 new parts this month. This release provides aftermarket car parc coverage for over 496,000 vehicles in the UK and over 2.1 million vehicles across the EU.**

This update includes exhausts for well-known brand such as Nissan, Mitsubishi, Volkswagen, BMW, Fiat, Honda and Renault, but most notably for several of Ford's most popular models: the C-Max, Focus, Galaxy, and Mondeo (2004-2011). These models have a huge car parc total of over 436,000 vehicles across the EU.

See the full parts list [here](#)

These vehicles have become staples of the UK's roads, offering a blend of reliability, comfort, and performance. Whether it's the practicality of the C-Max, the versatility of the Focus, the spaciousness of the Galaxy, or the refined driving experience of the Mondeo, Ford's range caters to a wide variety of drivers.

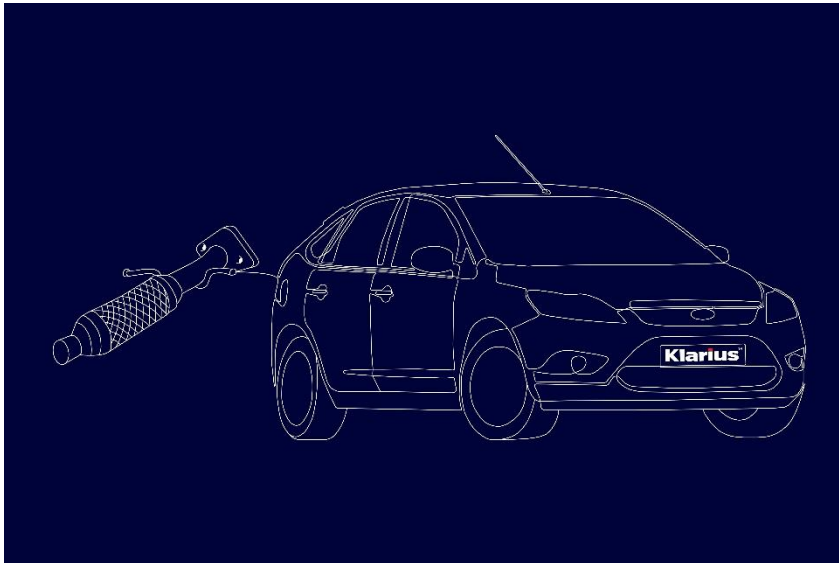

Klarius's new components ensure that drivers can keep their vehicles running smoothly and efficiently while staying compliant with emissions standards. As always, every part Klarius supplied is designed to meet or exceed original equipment standards, providing peace of mind and reliable operation.

### Fast Facts About Ford's Popular Models:

- **In-Focus:** Reliable and sporty, the Ford Focus was the first car to be named the best-selling car in the world for two consecutive years – with over a million new vehicles being registered in both 2012 and 2013.
- **Cosmic Inception:** The Ford Galaxy was originally developed in partnership with Volkswagen and Seat, and its first-generation models were almost identical to the VW Sharan and Seat Alhambra.
- **Mondeo Mystique:** The name "Mondeo" comes from the Latin word *mundus*, meaning "world," as it was designed to be a global car, uniting several lines from different regions.

With over 11,000 parts in its catalogue and next-day delivery available for orders placed before 5:30 PM, Klarius continues to be the trusted source for high-quality emissions control components. Drivers of Ford vehicles across the UK can count on Klarius to keep their cars running smoothly and efficiently.
