

Klarius Continues Support for Older BMWs and More with New Parts

21 January 2025

Klarius Products continues to expand its range of aftermarket emissions control components, adding 13 new parts this month. With coverage for over 600,000 vehicles in the UK and more than 2.2 million across Europe, this release shows Klarius' ongoing commitment to providing high-quality solutions for a wide variety of cars, including older models.

This update includes parts for leading brands like Ford, Peugeot, Vauxhall, and Renault. As well as this, it also includes exhaust systems for some of the world's most popular BMW models, including the 116, 118, 316, 318, and 320. Together, these cover more than 22,000 BMW models in the UK and over 130,000 across the EU.

See the full parts list [here](#).

Klarius has a long history of supporting BMW vehicles on the track as well as the road. The business has supplied custom exhaust systems for drivers in both the BMW Compact Cup and the 116 Trophy, and are dedicated to keep innovating it's support for this iconic brand.

With these new parts, drivers can keep their BMWs running at peak performance without having to worry about complying with emissions standards. As always, every

part Klarius supplied is designed to meet or exceed original equipment standards, providing peace of mind and reliable operation.

Fast Facts About BMW:

- **Aviation Roots:** Like many famous car companies, BMW began life manufacturing aircraft engines. This is why its iconic logo shows a spinning propeller.
- **A Racing Legend:** The BMW 3 Series has a rich motorsport history, particularly in touring car championships. The 3 Series has led the way competitions like the British Touring Car Championship (BTCC) and become a symbol of BMW's racing pedigree.
- **Leading From the Front:** When the BMW 1 Series was launched in 2004, it was one of the few compact cars to offer rear-wheel drive, standing out in a market dominated by front-wheel-drive competitors.

With over 11,000 parts in its catalogue and next-day delivery available for orders placed before 5:30 PM, Klarius continues to be the trusted source for emissions control components. Drivers across the UK and Europe can rely on Klarius to provide parts that are durable, reliable, and designed to meet or exceed original equipment standards.
